

Registering for programs just got easier!

United Sports is excited to launch our new online registration system. All Fall 2018 program registration will go through this new system!

If you have a current admin fee or membership, we've made it easy for you and copied over your account information from our old system. Please send yourself a [PASSWORD RESET](#) email.

As of today, you can manage/update your account, register for Fall programs or practice navigating the new site.

- Access your account from your desktop computer [CLICK HERE](#)

Once you are logged in and you confirm all account details, you will be able to select "Registration" and select which member from your account you want to register and to which program. Please remember, our flag football league is grade specific and the grade is the one they are going into in the fall.

When selecting the league to register, ALL players will click "Join a Team". After selecting a "Join a Team", hit the search button and it will pull up the division(s) most closely resembling the age/grade of your child you have currently selected on the drop-down on the left side of the screen. Please be sure to select the division that correlates with which grade your child is going into during the fall. Since this is an individual registration league, all players must register as an individual and the director forms the teams. There is a point during the registration to make requests and answer other important questions regarding registration.

Please try to do this online as we need account holders to set up their child's waiver. You will not be able to do this by calling so it is important to do so online. If you have questions or need help, feel free to email me and I can walk you through the steps to ensure you get it don't properly online, so all waivers are on file. You may also call the facility if needed at 610-466-7100, but they will try to help you register online rather than register for you over the phone.

The new software is so mobile responsive and easy once you get you used to it, that I don't anticipate many issues.

Thank you for your continued loyalty and support of United Sports!
